Join Us For HoopSisters EmbroidaBlock of the Month

We have combined forces with Hoopsisters.com to offer their unique Embroidablock of the Month program. The quilt for 2010 is entitled, "TNT, Textures and New Techniques" and is absolutely exquisite.

Their technique of combining embroidery with piecing and quilting is extraordinary.

Last year's quilt, Crazy Compass was a huge hit. People all over the country participated in the program and we are happy to

announce our participation in this year's program.

We will be meeting once a month for 10 months. The first nine months you will be stitching four blocks each month. The tenth month we will teach you Hoopsisters' unique joining technique.

Hoopsisters.com was founded in 2008 by Lynda Remmers and Annie Moody and their love for high-tech quilting.

Come be a part of this cutting edge quilting technique. Call or stop in today to sign up.

The unique look of Embroidablock™ combines piecing with embroidery to produce a look of elegance and add interest to your quilts. The Block of the Month is designed to give both the novice and master quilter a method of quilting that uses little or no math, requires minimal cutting, is innovative, fun and results in every block sewn to perfection!

Come join us to have some fun and learn this new quilt technique using an embroidery machine. I'll bet you didn't know an embroidery machine could do this!

If you have an embroidery machine and want to find more uses for it, this is the

class for you.

If you are not a quilter but would like to be, this is the class for you.

If you are a quilter and you think an embroidery machine is nice but not necessary, think again.
